Open Invitation To You

Dear Customer:

There is one thing we'd like better than sending you this catalog. That would be to have you come and see us. Why don't you take time to visit us when you are here? We always have time to welcome you and show you around. It need not be a business trip. Exchanging ideas is always a move to progress and we would like to meet and talk to you.

You'll be interested in seeing the nursery, and so will your family and friends. It will be a few sightseeing hours you'll remember. See the hundred and ninety acres of plants and the newest propagating equipment with almost unlimited production facilities. You'll like our office—it looks like the home it was fifty years ago. The cool and delightful park around it is our testing section. So, you see, its beauty is practical too. The exotic and unusual plants are imported from all over the world and pre-tested to insure you plants that will perform.

Stop in and be our guests for a few hours. We will enjoy it and will see that you do too.

Sincerely,

Howard Past

FROST-FREE growing grounds are ideal for the many popular flowering and non-flowering varieties of exotic sub-tropicals.

CUTTINGS, carefully selected from the best parent stock, are made and flatted here by trained MN workers.

ONE OF our new mist propagation houses. Automatically controlled, maintains ideal growing conditions to produce healthy husky root systems.

WORLD'S LARGEST volume of container grown plants. Bed after bed of quality plants stretch into the distance. Soft snow waters fill the reservoir in the foreground.

CAMELLIA PICTURE BLOOMS

Give You Year 'Round Sales and Fast Turnover

Your camellias don't have to be blooming to be fast sellers! Free artificial blooms (so realistic many customers think they're real at first glance) make them sell 12 months of the year. They make instant plant identification easy, too. They're in full color, water-resistant, fadeproof, last for six months or more! Each plant you purchase from the varieties marked with "*" will carry one of the picture blooms on 1, 5, and 7 gallon plants.

Wholesale Only

This list is intended for the trade only. If it should be sent by mistake to people not entitled to trade prices, we would greatly appreciate if you would notify us at once, so that our mailing list can be corrected.

F. O. B. AZUSA—All prices quoted in this catalog are F. O. B. Azusa, California

TERMS—While our regular terms are cash, we will be pleased to make credit arrangements with established concerns. Open accounts are payable on or before the 10th of the month following date of delivery. Overdue accounts are subject to 1% monthly interest charge and sight draft. No discount will be allowed as it is our policy to maintain attractive prices consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at the time of delivery.

CLAIMS—Claims must be made immediately upon receipt of goods. If an error has been made by us, please notify us promptly, and we shall take pleasure in adjusting the matter. We do not guarantee plants to live. At no time will we be responsible for more than the purchase price of the stock ordered.

We carefully pack all stock, and make every effort to secure prompt and careful handling by the transportation company. However, our responsibility ceases upon delivery of stock in good condition to the transportation company.

Please file a claim at once with the transportation company, if your stock has been damaged or delayed in transit. In this connection we shall be glad to assist you in any way we can.

WE ARE A PINTO-TAG NURSERY—This means that our nursery stock can be shipped to all counties in California and released for planting without further inspection. (Tulare and Ventura counties are exceptions.)

ACKNOWLEDGMENT— Your orders will be acknowledged promptly and shipments made as quickly as possible, so if your order is not acknowledged please advise us immediately. Sometimes, because of inclement weather, or the press of business, there may be a slight delay in shipping, but we assure you that this will not be more than is absolutely necessary.

Non-Warranty—The Monrovia Nursery Company gives no warranty, express or implied, as to the variety or productivity of any nursery stock it sells. Liability in all instances is limited to the purchase price. No liability is assumed by seller for delay or failure to deliver caused by wars, strikes, fires, floods, droughts, embargoes or any other contingencies beyond seller's control. If the purchaser does not accept the goods on these terms, they are to be returned.

PLANT PATENT & TRADE MARK NOTICE

The following provisions apply to all patented or trade-marked plants we sell. Any asexual reproduction or distribution, by sale, gift, or otherwise of scions, buds, or cuttings for such reproduction, without license from the patent owners, constitutes an infringement of the patent for same. Any unauthorized reproduction, sales or other distribution of reproducing propagating material of these plants prohibited by the patents or trademarks, will subject the reproducer, seller, or distributors thereof to prosecution for infringement under the Patent and Trade-Mark Laws.

FUMIGATION

For the convenience of buyers in those states whose laws require fumigation of incoming plant shipments, MN operates two modern fumigatoriums. Although this operation is under the expert supervision of a full-time entomologist, MN assumes no liability for plant damage or loss due to fumigation. Actual operation costs are charged as follows:

2¼" pots	2¢	1-gal.	7¢	5-gal.	25¢
3" pots	4¢	2-gal.	15¢	7-gal.	40¢

SHIPPING

All shipments are made by semi-truck. A full load will consist of approximately 4,000 1 gallon containers or 650 - 5 gallon or a combination of both. A combination or split load consists of several orders each consigned to different purchaser.

To have your order included in a combination load, a minimum order of $250.00 is necessary, and delivery will be made as soon as enough orders are accumulated to fill a semi-truck. This minimum order of $250.00 is required as the trucking concern under contract will make only a limited number of stops per trip. TRUCKING CHARGES ARE A CASH TRANSACTION AND ARE DUE TO MONROVIA NURSERY IMMEDIATELY AFTER DELIVERY OF STOCK. DO NOT PAY THE DRIVER.

When ordering a truckload beyond our free delivery area, packing, loading and bracing are free.

Approximate Weights of Plants in Following Container Sizes:

1-gallon cans	8 lbs. each	2¼" pots	3/10 lb.
2-gallon cans	15 lbs. each	2½" R P	½ lb.
5-gallon cans	40 lbs. each	5" pots	2 lbs.
7-gallon cans	60 lbs. each	7" pots	3¾ lbs.

IF YOUR ORDER

Arrives by our truck carrier service, delivery charges are due and payable immediately upon receipt of invoice. Please do not pay the truck driver.

PACKING

There is no charge made on packing lining-out stock (2¼", 2½" R P and 3" pot-sized plants) and Azaleas. Each order is securely packed in sturdy, lightweight cartons. Please remember that shipping the larger plants (1 and 5-gallon sizes) by express or public motor freight is very expensive. Not only are the transportation rates high, but it is necessary that nursery stock be packed, which means a packing charge as follows:

1-gallon cans	35¢	Labor and materials for stacking flats	35¢
2-gallon cans	50¢	Cost per flat	25¢
5-gallon cans	$1.00		

TEMPERATURE RATINGS

(HARDINESS)

If you are in doubt of the hardiness of any plant, see the zone number placed at the right of the variety listed. Then refer to the map, pages 44, 45. These temperature ratings show our honest opinion; however, we disclaim all responsibility for correctness.

DELIVERY SCHEDULE

This schedule is arranged to give you the best possible delivery service and is followed closely. However, any time you place an order for a full truckload, shipment can leave the nursery within a few days after the order is placed, regardless of the schedule. If the first of the month falls on a Wednesday or earlier, that week is considered the first week of the month as pertaining to the schedule below.

Please — we must have your order at least 4 days before the scheduled delivery. This not only gives us more time to select better stock, but it does insure delivery on schedule.

Area	Minimum Delivery Order	Time of Delivery
L. A. Metropolitan Area Including San Fernando, Long Beach, Santa Monica and Covina areas.	$35.00	Weekly.
Orange County	35.00	Every Friday.
